📍 Handia, Prayagraj, Uttar Pradesh, India

Summary

Aspiring MERN Stack Developer pursuing B.Tech in Computer Science with hands-on experience building responsive, scalable web applications using MongoDB, Express.js, React.js, and Node.js. Strong foundation in Data Structures and Algorithms with proficiency in multiple programming languages. Passionate about crafting clean, efficient code and delivering exceptional user experiences.

Education

HMFA Memorial Institute of Engineering and Technology	Handia, Prayagraj
<i>Bachelor of Technology in Computer Science and Engineering;(Pursuing)</i>	<i>Aug 2022 – May 2026</i>
SRP NIC	Handia, Prayagraj
<i>Senior Secondary (12th - PCM); Percentage: 65%</i>	<i>2022</i>
SRP NIC	Handia, Prayagraj
<i>Secondary (10th); Percentage: 72%</i>	<i>2020</i>

Technical Skills

Programming Languages: C, Python, Java, JavaScript
Frontend Development: HTML5, CSS3, JavaScript (ES6+), React.js, Responsive Design
Backend Development: Node.js, Express.js, RESTful APIs
Databases: MongoDB, MySQL
Developer Tools: Git, GitHub, VS Code, npm
Productivity Tools: Microsoft Word, Microsoft Excel, Microsoft PowerPoint

Projects

Restaurant Website <i>HTML, CSS, JavaScript</i>	<i>Web Development</i>
- Designed and developed a fully responsive multi-page restaurant website featuring Home, Menu, About Us, and Contact sections, ensuring seamless navigation across all devices - Implemented an interactive online menu display system that improved user engagement and enabled customers to browse offerings efficiently - Built a functional contact form with client-side validation to facilitate customer inquiries and enhance communication channels - Optimized website performance by minimizing asset sizes and implementing lazy loading, achieving fast page load times under 2 seconds - Applied mobile-first design principles and CSS media queries to ensure consistent user experience across desktop, tablet, and mobile devices	
Personal Portfolio Website <i>HTML, CSS, JavaScript</i>	<i>Frontend Development</i>
- Developed a professional portfolio website to showcase projects, technical skills, and professional experience with modern UI/UX design - Implemented smooth scrolling, animated transitions, and interactive elements to create an engaging user experience - Ensured cross-browser compatibility and responsive design, tested across Chrome, Firefox, Safari, and Edge	
Age Calculator Application <i>HTML, CSS, JavaScript</i>	<i>Frontend Development</i>
- Built an interactive age calculator web application that computes precise age in years, months, and days from user-provided date of birth - Implemented robust input validation and error handling to ensure accurate calculations and enhance user experience - Designed a clean, intuitive interface with real-time calculation feedback and responsive layout for mobile accessibility	

Relevant Coursework

Data Structures and Algorithms · Object-Oriented Programming · Database Management Systems · Web Development · Computer Networks · Operating Systems · Software Engineering

Achievements & Activities

- Actively solving DSA problems on coding platforms to strengthen algorithmic thinking and problem-solving skills
- Building personal projects using the MERN stack to gain practical full-stack development experience
- Continuously learning new technologies and frameworks through online courses and technical documentation
